Cars are listed under chassis number, thus indicating the order of production, followed by engine number. Model duration is shown, rather than specific year, for all except earlier types, until further detail of production rates are established. The Register is based on the information supplied by owners, and I acknowledge in particular the help of Mrs. Leith Newall and Dick Messenger in New Zealand, and of Peter Ward in Australia, in producing it. Relevant corrections and additions would be welcome, to record, with the 30/98 Register, all surviving Vintage and earlier Vauxhall cars.
Registrar: John Price, 22a, Leyland Road, Lee Green, London, S.E.12.

Prince Henry types.
